

# PAPER REVIEW TUTORIAL FOR INTERNATIONAL CONFERENCES ON ELECTRICAL, CONTROL AND COMPUTER ENGINEERING (INECCE2015)

1. Log in to **CMT** site:

<https://cmt.research.microsoft.com/INECCE2015/Default.aspx>

2. Select your role as reviewer:

The screenshot shows a web browser window with the URL <https://cmt.research.microsoft.com/INECCE2015/Protected/Reviewer/>. The page title is "InECCE2015 3rd International Conference On Electrical, Control And Computer Engineering 2015 27-28 October 2015, Kuantan, Malaysia". A dropdown menu is open under "Select Your Role:", showing options: "Reviewer" (selected), "Chair", "Reviewer" (with a red arrow pointing to it), and "Author". Below the menu, there is a "Welcome Message from Chair" section with the following text:

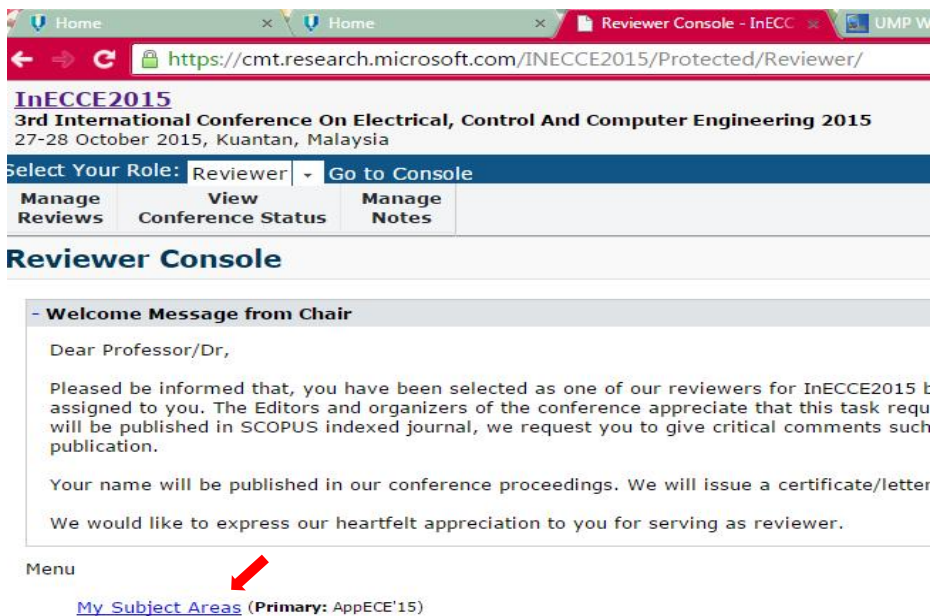

Dear Professor/Dr,

Pleased be informed that, you have been selected as one of our reviewers for InECCE20: assigned to you. The Editors and organizers of the conference appreciate that this task r will be published in SCOPUS indexed journal, we request you to give critical comments s publication.

Your name will be published in our conference proceedings. We will issue a certificate/le

We would like to express our heartfelt appreciation to you for serving as reviewer.

3. If you have not selected your Subject areas, please do so by clicking My Subject Areas link:

The screenshot shows the same web browser window as above, but with the "Reviewer Console" section expanded. The "Welcome Message from Chair" section is visible. At the bottom, there is a "Menu" section with a red arrow pointing to the link [My Subject Areas \(Primary: AppECE'15\)](#).

4. You will be directed to this form. Please select your primary area (compulsory) and secondary (optional) area.

**1 Primary Subject Area(s) Selected** Close

- AppECE'15**
  - Antenna Technologies
  - Audio/Signal Processing
  - Cloud Multimedia Systems, Applications and Services
  - Embedded Systems and Architecture Implementations
  - Emerging Techniques for Next Generation Video/Image Coding
  - Image Formation and Scanning
  - Image/Video Processing
  - Image/Video Storage, Retrieval, and Authentication
  - Systems and Techniques for Human Interaction
  - Visual Communications
- CIAS'15**
  - Agent-Based Modeling
  - Autonomous & Unmanned Systems
  - Bioinspired/Biomimetic System
  - Biosensors
  - Computational Intelligence
  - Evolutionary Computation
  - Instrumentation & Process control
  - Photonic and gas-based sensors
  - Robotics in Medical
  - Space and Marine Robotics
  - Swarm Intelligence
  - Thermographics
- SuPER'15**
  - High Voltage Engineering, Dielectric Material and Plasma

5. Please save your changes.

### Select Subject Areas

Please note that you must click on "Save Changes" button at the bottom of this page in order for your subject area selections to be saved in the system.

Select one primary subject area.

Primary: AppECE'15

[Change](#)

Select any number of secondary subject areas (including none). Note that secondary subject area cannot be same as primary subject area.

Secondary: Subject Area(s) NOT Selected

### View/Edit Review

**Submit Review**  
You **must** answer all **required** questions and click on **Submit** in order to complete your reviewing. Once you submit your reviews, you can edit it later (if allowed by the chair).

**Save Draft**  
You can use Save Draft functionality to save *possibly incomplete* reviews to the system.

- You can save drafts without answering required questions. The drafts are *for your use only* and are not made available to anyone else including chairs.
- By default, any changes to the review are automatically saved as draft **every 2 minutes**. If you do not want your current changes to be saved as draft please unselect the checkbox below:  
 Automatically save review draft every 2 minutes.

**Offline Reviewing**  
You can use [offline reviewing](#) if you expect the review submission to take a few hours.
